If additional time is requested or required, it is billed out in 15 minute increments at the rate of \$20 per additional increment. Additional time may or may not be available as a last minute option, depending on if there is a booking directly following your session. You may bring others with you to your booking for company, but max capacity is 5.

During the cold season, appointments take place in the lower level family room of our home. This requires navigation of stairs – so if mobility is a concern, please touch base with Larissa to see what accommodations might be available. We also share our space with an indoor house cat, should allergies be of concern. Payment for appointments can be made by Interac e-transfer or cash.

Please arrive on time, with clean, dry skin (no lotions or oils) for best results. Please also ensure you have outdoor wear that can accommodate wet / drying henna paste, so as not to smudge your beautiful work.
